EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife.

Please see our website for the latest information: <http://www2.epa.gov/region8/gold-king-mine-release-emergency-response>

Regular updates will be posted as they are available.

**Subject:** Incident Management Services

Good Morning Mr. McGrath:

I am drafting this email to introduce you to Forefront Emergency Management. Developed from our roots at ES&H, Inc., Forefront EM offers competent emergency management services to over 300 clients throughout North America. Our staff of 53 fulltime emergency management professionals are available to supplement your Incident Command team 24/7/365. With our current footprint, we feel we can offer the US EPA experienced and personalized service that cannot be matched by our competitors. Having provided ICS support, training, and exercise services over the last 17 years, our personnel are very familiar with the operations and pollution risks you are currently experiencing due to the release of toxic chemicals into the Animas River.

- Our personnel can be accessed 24/7 by calling **985-851-5055** or **844-ICS-PROS** and asking for the "Consultant on Call".
- We maintain 53 fulltime ICS Professionals immediately available to respond. All personnel are US citizens, fully background screened, and fully ICS trained and experienced.
- We are supported by our sister company ES&H, Inc. who maintains 200 fulltime ER professionals and is the largest privately held OSRO in the country.
- We have a network across the country of OSRO Organizations that will conduct active recovery on our behalf.
- We are a privately held American company with all owners being actively engaged in the

organization and serving as ICS professionals. The owners of the company are immediately available 24/7 to address any needs you may have.

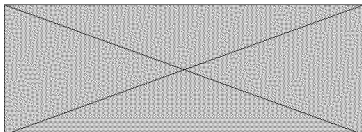

- Our personnel are housed in (4) strategically locations – Houma, LA; Sulphur, LA; Houston, TX; and Denver, CO.
- We have strategic alliances with other ICS professionals to provide technical support and personnel to our team.
- We have (3) state of the art command post locations available in Houma, Sulphur, and Houston, with additional facilities available in Mobile, Belle Chasse, La Place, Golden Meadow, Morgan City, Lafayette, Shreveport, and Dallas. Additional locations are currently being added in Venice and Denver.
- Our personnel are highly familiar with the oil and gas industry and have provided training and drill services for more than 17 years.
- We maintain advanced equipment to support our ICS functions, including smart boards, plotters, poster printers, mobile computing systems, and fulltime IT professionals to ensure compatibility with your systems.
- The overwhelming majority of our 53 personnel meet all of the national standards for ICS:
  - National Incident Management System (NIMS) Compliant
  - Minimum 5 years' experience operating with NIMS and the National Response Framework (NRF) with references (including points of contact)
  - Ability to support all Incident Command System (ICS) activities, including Command and General staff, technical support, ESF Support, and documentation, as delegated
  - Proficiency in incident management, documentation, and IAP production
  - Able to:
    - Maintain a response capability despite servicing other clients
    - Respond during events of national significance
    - Respond to events of national significance

Please see the attached e-brochure and visit our website [www.forefrontem.com](http://www.forefrontem.com) for more information about our services. We are immediately available to provide consulting and assistance to you as you navigate the impacts from the recent incident. If you would like assistance, we can help make sure you do not have long term impacts from this unfortunate incident. Please give us a call at any time, we would love to assist. We can have experienced boots on the ground immediately.

Respectfully,

Kevin J. Voisin, R.E.M.
